In Loving Memory

JOHN RALPH BUECKERT

May 20, 1949 - August 13, 1968

The Lord is my shepherd; I shall not want.

He maketh me to lie down in green pastures: he leadeth me beside still waters.

He restoreth my soul: he leadeth me in the paths of righteousness for his name's sake.

Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me.

Thou preparest a table before me in the presence of mine enemies: thou anointest my head with oil; my cup runneth over.

Surely goodness and mercy shall follow me all the days of my life: and I will dwell in the house of the Lord forever.

Psalm 23

Inspector's Message

I was very pleased to be asked to contribute a message for the Garden Valley Collegiate Institute Yearbook.

May I begin by bringing to you the greetings of the Department of Education. To these may I add my own good wishes and sincere hopes for a pleasant and successful year.

For some of you the end of this school year will mark the end of your Public School Education and the end of a way of life that you have known for many years.

Much of your success in the future will depend upon how well you have learned many of the lessons of life at home, in school, and in your communities.

In the past you have had your parents and teachers to guide you, to prod you when necessary, and to encourage you always, to achieve to the best of your ability.

In the future you will have to depend upon your own sense of responsibility which you have developed over the years to keep you achieving and working at your apex of efficiency. You will be moving out into a world which is full of challenges and opportunities. If you are prepared to meet these challenges and seize these opportunities, you will derive much pleasure and happiness and find your future to be a rewarding one.

Best wishes to all.

Very Sincerely,
R. L. McIntosh,
Inspector of Schools.

Mayor's Message

It gives me pleasure, on behalf of the Plum Coulee Council, to congratulate you, the 1969 Garden Valley Collegiate graduating class.

Even though you have reached an important milestone in your life, it is really only the commencement. In your education you have acquired a treasure, that, should you suffer shipwreck and lose everything else, you will never lose that treasure. You will find that in this complex and ever changing world, you most likely will have to change your plans, your ideas and your attitudes as time goes on. Do not change because something is new, or its different or just for the sake of change, but change if it is for the better, if you can improve yourself or if you can be of better service to your fellow men.

You have so far lived a more or less sheltered life. Some of you will no doubt continue with your education, while others will join the labor force. When you will come out into the world you will meet problems and temptations that you are not aware of at present, and in some cases maybe ill prepared to meet. When those times come, remember the lessons you learned in the Garden Galley Collegiate, and in your Christian homes.

There has been no time in the history of mankind when the opportunities were so abundant, the challenges so great and the problems so complex and manifold. It will take people that are industrious and not afraid to use these problems as stepping stones to reach their goal. So go out and take advantage of these opportunities, meet those challenges and overcome the problems with courage and confidence and you will find the reward most satisfying.

Our best wishes to each and everyone of you.

Left to right: Mr. G. Banman, Mr. J. D. Penner, Mr. P. D. Labun, (Chairman), Mr. J. H. Wiebe (Sec.-Treasurer), Mr. G. G. Siemens (Vice-Chairman), Mr. G. G. Elias.

Daniel Webster says: "Knowledge does not comprise all which is contained in the large term of education. The feelings are to be disciplined, the passions are to be restrained; true and worthy motives are to be inspired, and profound religious feeling is to be instilled, and pure morality inculcated under all circumstances. All this is comprised in education."

There are many benefits to be derived from a good education. In this day and age when the emphasis is on material values, we would like to remind the whole student body, that the financial benefits are the least and lowest of the rich rewards of mental Culture. The

whole being is enlarged and exalted; the scope of view is widened; the objects of interest are increased; the subjects of thoughts are multiplied; life is more filled with emotions; and man is raised in the scale of creation.

It is our sincerest wish, that all our students and especially the graduates of our Collegiate may have received some directives which will aid them in being of service to their fellowman and thus also to our Creator.

Principal's Message

Each year about this time it would appear to me that we have just begun a new school year when in reality we are already in the very act of completing the year's program and at the same time planning for next year's work. We look back on the activities of 1968-69 and wonder how we will achieve all our goals by the end of June with so much of the work left to be done and so little time left to do it. But, then, we have learned to live in a world of change and at the same time we have learned to adjust with greater ease, each time we are faced with new and unfamiliar situations; therefore, I feel confident that we will reach our goals as set out for this year.

In the Garden Valley Collegiate things have been happening in 1968-69 at a pace that has placed a great demand on students and teachers — and it would appear to me that most activities have been faced with sincerity and have as a result been quite successful. In the areas of sports, music, choir and drama to mention a few, we have experienced a number of highlights in the present year. We now look forward to achieving a

high measure of success in our academic program; and I feel certain that this will be the case if students and staff continue to work with the spirit of co-operation and ambition that has generally prevailed during the past months.

At this time I congratulate the editor and her staff for the production of this yearbook; it is the product of a fine effort. A special thanks to all students and faculty members for the many contributions that you have made to the total school program throughout the year. As we prepare for the close of this year I look forward with anticipation to "Award's Night" and "Graduation"; I know that again this year, as last year, these occasions will in a special way give recognition to many deserving students.

My sincerest wish for each individual student at this time is that you might receive the promotion for which you have worked and may each and everyone of you have a very pleasant holiday this coming summer.

Valedictory Address

Mr. Chairman, Honourable Guests, Fellow Graduates, Ladies and Gentlemen,

"Here endeth; here beginneth". To us graduates, these words have a special significance tonight.

For twelve years and more we have strived toward this goal — our graduation. We are very grateful to the school board, the teachers, and our parents for their sincere and tireless efforts in helping us reach this milestone. It is only recently that we have begun to fully appreciate all that you have done for us.

We would like to thank the citizens of our community and the members of our school board for making these excellent facilities available to us.

Our thanks also go to our teachers who were more than educators; who were living examples of fine Christian men and women.

Above all, we wish to express our appreciation to our parents, who have encouraged and guided us that we might achieve this end.

Since kindergarten, our lives have centered around school. It was here that we formed the interests and friendships which will affect us for the rest of our lives. The various extra-curricular activities such as sports, drama, and choir, which our school has always promoted, have enriched our lives with a constructive form of recreation. But perhaps what has contributed most to our happiness here is the spirit of co-operation and comradeship which has always prevailed. But all good things must come to an end and our short stay in these halls of learning is no exception.

These ceremonies formally terminate our days as carefree high school students and officially mark the beginning of our lives as responsible young adults. However, now that we have reached the completion of our high school education, we realize how little we actually know about Life. Now is the time for us young fledglings to try our wings in the world.

As we enter this world, ours will be the challenge to promote better relations between different races and to overcome the poverty and strife caused by prejudices. This will be no easy task, but if we conscientiously apply the basic principles and high morals which we have acquired here, success shall be ours. As in the words of the late Dr. Martin Luther King "We shall overcome". Let each of us here make this his personal pledge; to overcome the cruelty and injustice so prevalent in our world today.

In parting, fellow graduates, let us ask God "to grant us the serenity to accept the things we cannot change, the courage to change the things we can, and the wisdom to know the difference."

— Thank you. —
Gloria Krahn

SENIORS

UNIVERSITY ENTRANCE

210

BARRY DYCK

Barry is a tall blond from Burwalde. His interests are in singing, golfing, brigades and studying (!?!). He holds a position in the literary committee and is also singing in the Operetta. His plans for the future are likely Bible School and then on to farming.

JOHN DYCK

John is a tall handsome senior of the XII-X class. He has great ambitions but doesn't wish to spend his time on school work. He enjoys participating in choir and orchestra. In school his favourite subjects are geography and English and the subject that he dislikes is physics.

ROBERT DYCK

Bob likes school except for homework and certain subjects. His interests are high in sports like hockey, baseball, and swimming. General math and science, UE biology and geography are his major problems.

ERNEST FROESE

Ernie is a likeable chap who enjoys bookkeeping and maths. He has also decided on a teaching career for his future. He dislikes the English classes but enjoys the operetta work. His main aim for this year is to complete his Grade XII.

PETE FROESE

Pete is a very busy man in and out of school. Aside from being convener of the literary committee, he has a major roll in the operetta, is active in young people's, and works behind the meat counter on Saturdays. On weekday evenings he is busy studying and on weekend evenings he is busy . . . well, just busy!!!

BETTY FRIESEN

Her being in the yearbook committee is one of the reasons why the yearbook is what it is. Betty finds that Grade XII leaves a bit to be desired. e.g. Phys. Ed. She finds enjoyment in good music, sports, knitting, weekends, travelling, and plans to further her education in C.M.B.C. next year.

CRAIG WOOD

Craig is one of the special students at our collegiate this year. He is well-mannered and believes in being friends with everybody (if possible). Curling, hunting, and girls are on his list of activities. He grooves in the music of today's music. Craig is determined to graduate this year, move to Winnipeg, and take a course in medical technology.

JUDY GOERTZEN

Judy, fun-loving and ambitious is always busy doing something, whether it's work or "play". Her laughter is disturbing — classes that is! Spending a lot of time as the Social rep, at hockey and basketball games, she still manages to get her school work done well. Judy's ambitions include travelling and university.

ARNOLD HEPPIER

Arnold wishes to complete high school this year. He excels in physics and maths. His interests lie in playing the guitar, sports and he enjoys going on a fishing trip now and then.

MARTIN HIEBERT

Martin is the optimistic type. His hobbies include reading and playing hockey. His favourite subjects are history and literature and he is interested in politics. In class he is always ready and willing to answer any question that might arise. In the future he will probably become a teacher.

BRIAN KEILBACK

"Klieb" is a handsome, carefree, and popular young man whose future lies in accounting. He loves popular music and playing hockey. He dislikes being restricted, Monday mornings, and long boring classes.

NADINE LOEWEN

Nadine feels very important as our school president for '68-'69. She manages to keep busy by winning scholarships, playing violin, singing in the choir and policing the council meetings. She is "A Good Student". If you don't believe me just ask her.

WANDA PELSNER

Every Wednesday noon, Wanda can be seen frantically taking down minutes during Student Council meetings. However, she still finds time to enjoy her school activities. Being fond of "apples", it is little wonder that they give her "purple haze!" Her friendliness and good marks will certainly be an asset in the teaching career which she plans to enter.

RON PENNER

Ron's ambition is to complete high school in "one shot". He looks forward to the weekends when he has more time for the things he enjoys. He is very studious in school but believes all the subjects are equally hard.

GENE PORTE

Gene hails from Plum Coulee. His likes include the three D's, driving, drumming and dames. He also likes hockey. He dislikes homework, cottage cheese, and salmon. His future lies in drafting or architecture.

VIOLET PRIES

Vi is a profound lover of music! That proof lies in the fact that she has devoted her time to four piano students — all beginning their efforts at fame. Her many activities also include bidding at auction sales for "use your imagination" antiques and representing class 210 at Council meetings. Next year will find Vi showing her devoted attitude to studies in Arts.

BRIAN REMPLE

Brian, a loyal citizen of Winkler, likes to read, watch television and attend school. He dislikes poetry, math and turkey dressing. His future is undecided but he plans to attend university.

MENNO WIELER

Menno intends to finish high school which he tries to attain by adding something to each class. He's interested in flying as well as enjoying hunting and fishing.

213

FRANK WIEBE

Frank is active in sports like curling. His favourite subject is math. His goal is to pass Grade XII, even though school is sometimes boring to him. Usually during evenings Frank is seen driving a 6 Mercury pick up.

LYDIA ZACHARIAS

Lydia is very much awake and active with a very busy schedule. Besides school she has a part time job, is secretary of the Newspaper Committee, has a part in the operetta and numerous other things. Knowing all this we do not blame her for complaining about not getting all her homework done.

HANK BOSCHMANN

Soccer, baseball, volleyball, curling! You might say Hank is a sports fiend. Hank is working towards university. Sports, girls and cars suit his fancy. For reasons that shall not be disclosed, he is well known as "Hank the Tank".

BRIAN DERKSEN

Brian is friendly and easy to get along with. His future is yet undecided. He likes physics and maths but detests English. His main goal this year is to complete Grade XII. He is active in curling and interested in most sports. Brian also enjoys driving around in his little red bug.

DOROTHY SCHMIDT

Our smart and cute room rep is always full of ideas. She believes they should be said, and boy, does she know how to say them. Dot excels in English, but chem makes her feel like an electron — negatively charged. She also sings in the choir and on Tuesday night she "toots away" on the E flat horn.

KATHY DYCK

Kathy enjoys the "high excitement and emotions" of a swift game of curling. Of course, she does have homework, and this is usually half done. But then, you have to give her credit for getting even that far with the amount of homework she gets.

KATHERINE ELIAS

Kathy does a lot of homework. But she still finds time to play piano and accordion and to sing in the church choir. She helps her father in their Blumenfeld store and she may be working there after school. In the distant future — perhaps teaching.

MARGARET FROESE

Margaret seems to enjoy school. Although she finds Grade XII quite difficult, especially math, she gets good marks. She is always willing to help her fellow students with their homework, since she usually has it done. Her main ambition is to become a nurse.

DAN HILDEBRAND

Dan is a man with curly hair.
Drives a white ice-box called a Corvair.
When Thursday, 3:45 p.m. rolls around
For the curling rink then he is bound.
Physics and math he loudly detests
But when curling or playing soccer he's at his best.

ANNE KLASSEN

Anne hopes to be everybody's favourite nurse some day. She believes school is best when it's out. She prefers library periods of course to any other. She's a real sports fan especially when the fellows play. She is fascinated with the idea of travelling back and forth on the school bus every day.

HARRY SIEMENS

Jolly old Harry rolls up in a Pontiac.
He sits in class and dreams of a Cadillac.
Recess is his major,
Farming his failure.
To Reinfeld he "goes"
To visit Miss Froese.
Happily ever after, he'll live with his laughter.

PHYLLIS TRINKE

The "quiet kid?" in high school is "Dickie". She enjoys singing and is sure to be a success in the operetta. She is a very capable convener of the Drama Committee and has her say each Wed. in Student Council. Her main interest in the academic field is chem, and in the future you may just see her in a lab conjuring up some magic formula. She may, however, decide to pursue an acting career instead.

MURRAY KROEKER

Murray's ambition is to drive a fast sports car with a four-speed stick. He gets along fine with the opposite sex. Murray enjoys reading and his favourite author is Hugh Hefner.

JOHN OLFERT

We're sorry to say
Nothing was said;
So needless to say,
Naught can be read.

JACK PENNER

Jack is a reserved young man in class. He does his homework and usually has an answer when the teacher calls upon him for one. His future plans as of the present are undecided. Jack enjoys the English course, in all its gory glory!

KEN PETERS

We're sorry to say
Nothing was said;
So needless to say,
Naught can be read.

215

BETTY WIEBE

Betty is short and sweet — we imported her from Elm Creek. She thinks Winkler is terrible but plans to make it worse! She forgets to wake up on school days and is forever missing the bus. That's because Betty believes in being where the action is and doesn't think school is where it's happening.

HAROLD DYCK

Harold is our basketball star. He loves soccer or any kind of sport. His pet peeve is getting up in the morning. His interests range from biology to eating. He hopes to become a successful Phys. Ed. teacher.

DOREEN REMPEL

Doreen comes to us from Plum Coulee. She enjoys reading and skating in winter. She sings in the school choir and in her leisure time she often plays the piano. Her ambition is to complete Grade XII this year and then start nurse's training.

VERNON SIEMENS

Vernon is one of those hard working men who find their days filled to the brim. His participation in three choirs shows he enjoys singing. His interests lie in the areas of engineering, mechanics and in similar fields of technology. His ability and ambition are sure to make him a success.

GARRY SPENST

Being in Grade XII, Garry has an exceptional habit of getting good marks. He likes chem and physics, but German is in the opposite trend of his likes. Playing the trumpet in the school orchestra, riding his motorcycle during the summer and singing in the choir are his favourite pastimes.

GARRY TOEWS

He is one of GVC's able representatives sent to Winnipeg to curl this year, and is also trying to squeeze in some hockey for the school hockey team. He is doing well at both, as well as at his schoolwork. His future? Undecided, but possibly engineering. He will be a success, as a matter of course.

STUART BRAUN

A member of "THE" GVCJ curling team, much of the humour on the ice is supplied by "Braunie" in his attempts to read the ice through substitution in physics formulas. For two — possibly three? — years Stuart has won the Grand Aggregate Trophy at the Zone 4 Track and Field Meet. Future — aeronautical or petroleum engineering.

VERNA BUHLER

Verna is a blonde-haired lass who hails from Haskett. Her ambition at present is to complete Grade XII. She enjoys skating and playing the piano. She sings in school and church choirs. Her future is as yet undecided.

NETTIE DERKSEN

Nettie, who hails from Reinfeld, always has her homework done. Her worst subject is chem but her best is math. She also enjoys skating, singing in the choir and generally having fun. Sunday night will usually find Nettie somewhere else than at home.

JIM WIEBE

Jim, our local hot lips on the licorice stick, likes to spend his time in the Oasis, insisting he's a writer for Laugh In (agony!). In school he detests every subject except music. Would you believe he changes cars like normal people change clothes? As anyone who knows him can see, he's a "bum", but for a "bum", he's not bad.

WESLEY ENNS

Wesley is a quiet, reserved boy who comes from Burwalde. His favourite subjects are physics and chem, but he finds English and math difficult. He enjoys participating in the senior choir and ISCF in school. His favourite sports are hockey and skiing.

IRENE FALK

Irene comes from Hoffnungsort and hopes to complete her Grade XII this year. She finds chem hard but German seems to be no problem. Some of her hobbies are reading and driving the car. After finishing school, she plans to train for an RN at the Grace Hospital.

BILL FUNK

Bill is one of those hard workers. Wherever you meet him you will see him studying a book. He loves singing, but when he is asked to come to choir practice, he usually says that he has too much work to do. He plans to become a pilot and relax after the hard work he has done in school.

CAROL HILDEBRAND

Carol comes from Greenfarm and hopes to complete her final year at GVCJ successfully. She dislikes homework, but gets good marks without much studying. Her favourite pastimes are watching television and driving the car. Next year she plans to go in for teacher training at the University of Manitoba.

GERALD HILDEBRAND

Gerald is a studious fellow who plays an active role in the yearbook committee. He is also a zealous curler. He appreciates studies like math, physics but finds English difficult. During the summer you may see him on his cycle, in his spare time.

KEN KEHLER

This intelligent young man comes to us from Winkler. He has many interests including driving his '58 Dodge, or spending his Tuesday nights at orchestra. His favourite subjects are geography and chem whereas he detests math. In summer, most of his interests lie in motorcycling at which his exceptional ability is readily seen.

PAT KLASSEN

Pat is the quiet, responsible type of student a person admires. She has a streak of creativity in her somewhere, because she is quite an artist. Hoping to complete her senior year in one shot, she plans to attend WBI next year.

DOUG KUHL

This year, being his last at GVCI, Doug is making plans for the future. As of now, these plans include a year of music, after which he will further his education at a university. Activities this year include choir, orchestra, giving violin lessons to "good students" and numerous others. His fine attitude makes him well liked by all.

JOHN NEUFELD

John is back in school after a six year absence. He wants to complete his XII and go on to University where he hopes to attain a B.Sc. He finds school a pleasant change from working for a living and is considering becoming a professional student. However, he doesn't think either his wife or his creditors would appreciate this.

HAROLD PAULS

Harold takes an active part in baseball and hockey. His goal is to pass grade twelve. He finds math his best subject. During evenings he is often seen driving a '68 Ford LTD.

ABE PENNER

Abe has been looking forward to finding an exciting career in Grade XII. But having achieved what seemed to be his major ambition, he finds that he has chosen the wrong "field". Apparently this is due to the exciting teachers and boring homework. Lately, I have been informed that he is seeking a different occupation, which is not yet decided.

DAVID PENNER

Dave is a friendly guy who comes from Kronsart. He has no favourite subjects in school but is a hard-working student nevertheless. Dave enjoys extra-curricular activities such as singing in the choir and playing his trumpet in the orchestra. He also enjoys sports such as hockey.

JOHN PENNER

John "Sock it to me!" Penner has a natural talent for studying. He must because that's all he does. In his remaining hours he pretends he's an artist or plays the saxophone. If he has money, he may go for coffee. As one can see, John leads a happy normal, stimulating, All-American life.

EDWARD PENNER

Edward, a dark, handsome lad, sticks to his motto, "There is no wrong way to do right." Comes the weekend, he takes his Vauxhall to task, but is somewhat biased as to whom he takes along. Ed is an ardent guitarist. He enjoys choir and his singing group, The Reflections.

PETER PETKAU

Pete is a very studious fellow — when he isn't working on his troublesome "Dodge". He is deeply philosophical and unsuccessfully tries to convince his friends that he is not interested in girls. He is kept busy with ISCF activities, due to the fact that he is the president of the club.

HENRY PETERS

Henry is a hard-working student and is trying to make this his last year in Winkler. He usually has his homework done. He likes math, physics and Portage. He violently dislikes German and homework. His future is as yet undecided.

GENERAL 207

BILL LUPTAK

Bill is a brilliant, handsome young man. His marks in bookkeeping reveal this. He loves sandwiching guys in hockey-soccer. Most of his spare time is occupied by girls, parties, and driving his Epic. His hobby is growing a moustache.

MARTIN PENNER

Martin comes to GVCI from the village of Chortitz. He enjoys the work on the farm immensely. Due to his studious attitude, he achieves promising marks. His favourite subjects are math and business principles. His future is undecided, but we can see he is sure to be a great success.

MARGE PENNER

Marge's greatest ambition is to finish her Grade XII, and then go out into the world on her own. Her interests lie mainly in weekends and parties. She does well in her classes at school. She dislikes social studies, but is always looking forward to bookkeeping.

BRUCE PORTE

Bruce is a friendly person who enjoys bookkeeping classes. He is well-known on or off the sports program. He enjoys hockey, floor soccer, baseball and football. His evenings are spent riding around. As yet, his future is undecided.

SANDRA FUNK

Sandra is one of 207's four girls. She keeps herself neat and pretty. She tries to have her homework done every day. She excels in bookkeeping, but dislikes social studies. Her future is undecided.

FRED HAMM

Freddie is one of the "bad guys" in XII-V. You'll find him in the back row in the social studies class "simply" absorbing the lesson. He enjoys guidance classes, but seems to dislike bookkeeping and business principles. Fred also enjoys driving his Ford.

BRIAN HARDER

Brian is well known throughout the school. He enjoys electronics as well as bookkeeping classes. He likes all kinds of sports such as curling, hockey and floor soccer. His present ambition is to complete Grade XII, but next year he hopes to attend the MIT.

RICHARD KLASSEN

Richard is the yearbook rep. for the XII-V class. He is very studious, and receives good marks in his work. He is friendly to everyone. Rick enjoys watching hockey games in his spare time. He also enjoys the weekends by driving his brother's car.

REYNOLD LABUN

Reynold is a well-dressed, well-groomed, and handsome young man. His favourite pastimes are watching hockey and football games on television. His marks in school are good. He excels in sports and driving his dad's car.

MANDY LOEWEN

Mandy is a girl who wants to go travelling some day. Her present ambition is to complete Grade XII in order to graduate from high school. Her activities include singing in the school choir, going to movies, and watching basketball games.

TIM LOEWEN

We're sorry to say
Nothing was said;
So needless to say,
Naught can be read.

LARRY LUPTAK

Larry is hoping to complete his Grade XII this year. He is GVCI's most popular and best basketball player. But due to a sprained ankle and a broken hand, he is, unfortunately, out for the season. He excels in both bookkeeping and English. His future still remains undecided.

ED REMPEL

Ed, who is six feet, three inches, surely is an asset to the basketball team. He was the goalie on the team that won Intramural Hockey-Soccer Championship. Ed's marks are exceptionally good. So, as one can see, Ed is sure to be a success in anything he takes on in life.

RAY STOBBE

Ray is a hard working farmer's son living in the town of Winkler. He is attending GVCI's Grade XII General course. He partakes in all intramural sports and some school sports. Ray played on the 68/69 volleyball team. After school he is planning to go to college. His aim is to become a Phys. Ed instructor.

ERVIN ENNS

Ervin is a very active lad in class, and is never unhappy. He can make someone feel happy in time of sadness. He enjoys playing football, soccer, and hockey. His future ambition is undecided.

HILDA DRIEDGER

Hilda is an active girl who takes part in activities such as skating, volleyball, and playing the piano. She enjoys singing in the school and church choir. After graduation, Hilda plans to have a secretarial job and will be successful in whatever she does.

DAVID DOELL

David is a quiet boy of the XII-V class. He enjoys math classes, but abhors social studies. His favourite sports are hunting and fishing. You can be sure to find him at the Rifle Club. Dave's future is undecided but he is sure to be a great success at whatever he does.

ED FEHR

They say Ed is a pretty Fehr guy. A swinger from Winkler's west end. He indulges in soccer and as a referee at the local hockey rink. "Little Ert" as he is called, is industrious in school, always having his homework done. A tremendous runner, he came in third in the eight mile cross country race for Southern Manitoba.

RICK ENNS

Rick, an avid outdoorsman, knows very well how to take care of himself in school. His homework is usually done on time. Rick's a cheery lad who adds spark to the gloomy Monday mornings. After graduation, Rick will be heading north to the big city in search of a job.

204

MARY FRIESEN

Our drama rep. is short and sweet, enjoys sewing, deluxe burgers, reading, fooling around, and of course weekends which she has under "control"?? Her favourite subjects are Business Law and Machines. 12W is not the same without this vivacious strawberry blonde. Her ambition is to travel to Europe and see all the "sites".

NETTIE KLASSEN

Nettie is attending G.V.C.I. for her last year. She is the Literary Representative for 12W. Her main ambition is to finish high school and then take up a job in the line of secretarial work. Her favourite subjects are Business Law and Typing.

SHIRLEY KLASSEN

What gives our classroom some spirit? Unquestionably, this must be Shirley, our shapely, blue-eyed, dark-haired librarian with the most genuine smile you can find anywhere. Office Practice, Shorthand, and Typing, are among her favourite subjects. To be chased around a desk in an air-conditioned office by the most handsome boss, is her goal. The most of her weekend is spent with that "special" someone.

VIOLA LETKEMAN

Viola is our red-haired representative to the sports committee. She is also the one who takes care of the concession booth at the local basketball games. She enjoys having literature with a certain teacher downstairs, but her mind wavers and her freckles begin to dance when Business Law is mentioned. Her main ambition at the present time is to have a cheese burger and a milk shake every weekend.

IRENE PETERS

Being the top student in the Grade XII commercial class, Irene is undoubtedly GVCI's most capable secretary. She'd be apt to get more than her share of exercise running around her boss's desk, too. July will find her in beautiful British Columbia and when she returns in fall, she plans to attend the C.M.B.C. in Winnipeg.

EILEEN SAWATSKY

We're sorry to say
Nothing was said;
So needless to say,
Naught can be read.

MILDRED DYCK

Mildred is our room rep. for Newspaper and Publicity. She is also head of its Typing Committee and attends choir regularly. Among her favourite subjects are Economics and Office Practice which will prepare her for an office job which she hopes to get next year.

ANNA DUECK

Ann is our yearbook representative and she attends her meetings regularly. Shorthand, Typing, Business Law and Office Practice are her favourite subjects. Her hobbies are reading and collecting pictures of the different places. Anna's future ambition has to do with travelling or a secretarial job.

JUDY FRIESEN

Judy is a pleasant natured girl who comes to school with a cheery 'Hi' every morning. Among her favourite subjects are Typing and Office Practice. She is our class representative on Student Council to which she goes faithfully every Wednesday. Judy went to Quebec last summer as an exchange student.

ERNIE DOERKSEN

Ernie is spending his second year in Grade XII. He enjoys all athletics, especially basketball, singing, and girls. He dislikes school, homework, and teachers. He plans to go into teaching, although this obviously is not his ambition.

SHERIFF KHAN

Sheriff is quiet in class, but responds with intelligent answers when asked. He misses the beautiful tropical island of Trinidad.

GERALD WIEBE

We're sorry to say
Nothing was said;
So needless to say,
Naught can be read.

HENRY WOLFE

Henry is an ambitious young man who believes in travelling. He likes sports cars, sports and the weaker sex ! ! ! He believes in acquiring a solid education. Consequently, the U. of M. is his goal.

Student Council Report

How strange it is to think that we work for 199 days of the school year so that we can say thank-you to so many people on that 200th day. That time has come once again for me and so I would like to take this opportunity to express my gratitude to each one of the students of our G.V.C.I., the members of my Student Council, and especially to the staff.

To all the graduating students: I wish you all the best in years to come. To those who must spend more time here: May your earnest attempts prove successful.

Though there have been disappointments and sad times during this past year, the many pleasant memories will cause it to linger in my mind for many years to come.

In conclusion may I say just once more — thank-you for a very good year!

Yearbook Committee Report

This my first year on the yearbook committee, has been a trying one for me. After most of the work requiring organization is in the past, I must say I did enjoy myself and learned a lot in the process.

I must mention the work of the advertising committee headed by Kathy Siemens and Gerald Hildebrand, Lonnie Rietze, Marianne Funk and Kathy Dyck who did the recruiting. Mr. John F. Wiebe was the staff advisor.

I should like to express my appreciation to the faithful committee members, the always helpful staff, especially Mr. F. Brown, and all the businesses that sponsored this book.

In conclusion, I hope you enjoy this yearbook as much as we have enjoyed bringing it to you.

Newspaper Committee Report

Due to the fact that our committee got off to a rather late start the first issue of the "Star" appeared in late November.

This year, Dorothy Schmidt obtained the honour of reporting weekly to the local newspaper. Glen Friesen has been quite busy being school photographer.

What with the two issues of the Star; publicity for the Operetta and Music Committee, we have been kept quite busy.

I would like to thank the business communities of Winkler and Plum Coulee for having helped with the new idea of advertising in the Star. The advertising was headed by Doug Friesen. I would like to extend my thanks to the members of the committee and to all the others who helped us during the year.

Drama Committee Report

This year of 1968-1969 has been a rather hectic one for the Drama Committee. Our one big production of the year, "The Pirates of Penzance", turned out to be a smashing success, much to the relief of Mr. Hiebert. Hiebert was director of this operetta and Mrs. T. Kehler worked with choreography.

To mention all the people who helped with the operetta would take several pages, as we would have to mention the audiences as well.

All in all, after the problems and headaches were cleared away, I think this year has been quite an enjoyable one. Thank-you to all those involved with the operetta, and especially to my committee.

Social Committee Report

Our Collegiate has over five hundred students and it was a challenge for the Social Committee to plan so for such a large number of people.

The Hallowe'en party, October 29, consisted of a program followed by a lunch. Many of the students added to the evening by wearing very original and interesting costumes.

December 13, after the Carol Service, a banquet was held at the Elementary School Auditorium. A cold was served and the evening was "topped" by a short program.

We followed what has become, it seems, an annual event and held a Spring Fling, March 20. A very enjoyable program was staged. A king and queen for our collegiate were again selected.

It has been an enjoyable year and I would like to thank all for helping us, especially the "ever present time of need" staff.

Literary Committee Report

This year, 1968-1969, the literary committee has been involved in quite a few school activities. We started with a literary program in November which featured the school orchestra. The program at the Hallowe'en party was arranged by the Literary Committee. The feature films were our responsibility this year. We presented "Third Man on the Mountain" and "Summer Magic", both Walt Disney productions. The responsibility of School Spirit Week also changed hands from an elected committee from Council to our committee. This was held on the second week in March and included a pep rally, teacher-student basketball games, and wound up with a literary program.

Lastly — I, on behalf of the committee would like to thank everyone who helped make this year a success for our committee. To the orchestra, the teachers and students, we express our sincerest gratitude and thanks.

I.S.C.F. Committee Report

The I.S.C.F. organization has as its motto "To know Christ and to make him known". We believe Christ should be relevant in the high school. The Friday noon meetings are open to the whole student body and staff. The program deals with a variety of topics throughout the year. In the first term, the theme of honesty was dealt with. "On the Churchman", a satirical film was the opener for this theme. General discussions, panels, buzz sessions and speakers are types of meetings, as well as socials. This involves the newcomers meeting at the beginning of the year. "Carnival Capers" was the opening social, held in October. Another social featured a drama, "Frontier Mortality".

Christian living and missions were the main topics on discussion during the year. Tuesday noons were reserved for some students for devotions of scripture and prayer in one of the classrooms. The executive, with the three speakers, have accepted the challenge to sponsor three full-time Christian service workers.

Music Committee Report

The music program has been an active one this year. The major event on the Music Committee calendar this year was the operetta, which was performed on March 6, 7, and 8. We presented Gilbert and Sullivan's "Pirates of Penzance".

Before Christmas the orchestra played at one of the literary programs. The Senior Choir sang in the Grace Church on a Sunday morning. They also sang at the Graduation Exercises. The Junior Choir was in charge of representing the annual Carol Service. They were assisted at the performance by the Senior Choir and the orchestra.

The orchestra gave an afternoon concert in Carman on Thursday, February 13. Their students gave a tremendous reception.

Events in the planning stages at this time include a Choir Festival in Winkler on April 26 together with Altona and Gretna. The orchestra and choir intend to give a concert at CMBC in Winnipeg. The Spring Concert is scheduled for May 9. The orchestra plans several concerts since their Easter tour was cancelled.

Seven members of the orchestra attended the Brandon Music Workshop which was held on February 21 and 22. Recognition should also be given to Doug Kuhl and Jim Wiebe. Doug played with the National Youth Orchestra this summer and Jim toured Europe with a band from the Peace Gardens Music Camp.

As one can see, musically speaking this has been a busy year. There have been more invitations than we could accept. Most certainly, it has been an enjoyable year for all who participated in the music program.

Sports Committee Report

The extra-curricular sports began once again this year with a vigorous soccer programme. Our boys' first game, Sept. 12, started a winning streak which ended five weeks and thirteen games later when they fell to defeat against Daniel Mac, in the provincial finals in Brandon.

Girls' volleyball practise got under way. Although being a fairly new team, the girls should be proud of the progress they made during the season.

The boys' volleyball team was organized somewhat later. They didn't do as well as our team did in former years, but one must also take into consideration the fact that many of them took part in the soccer activities, while others have chosen to spend their time in developing a strong basketball team, instead. Both the teams lost out in the Zone 4 semi-finals. Our junior volleyball met Gretna for one set of games, and came out victorious!

Basketball practise began shortly afterward. As usual, our boys were fantastic and won the Western Division and Zone 4 trophies, without a defeat. Glenn Wiebe claimed another first when he won the Most Valuable Player trophy.

This year, for the first time a high school hockey schedule was drawn up. Highlights of the season consisted of a trip to and a return game with Devil's Lake. They lost to Miami in the Zone 4 finals.

An after four curling schedule was drawn up. As well as sending 4 boys to the School-Boys' Bonspiel in Winnipeg, we did well in our own two tournaments and the others held in the Zone.

G.V.C.I. also had representatives at the Zone 4 badminton and ping-pong tournaments.
